

The Journey (Ending Strong)

Life is a journey we are introduced to on the day of our birth. This journey is filled with many twists and turns. Filled with many incidents both pleasant and unpleasant. Filled with people both helpful and distracting. Filled with institutions and organizations most of whom desire to make the journey easier to navigate.

In this section of our church website we have teamed up with Caring Community Hospice of Cortland in an attempt to help seekers finish the last leg of this journey in a dignified, better informed, less stressful, gentle, loving, and more encouraged way.

You are invited to use these materials for yourselves and also your loved ones, friends and neighbors. We welcome any questions or comments.
